The Wisconsin Department of Transportation (WisDOT) is currently developing plans to reconstruct the Green Tree Road bridge over I-43 in 2018. To successfully deliver this project, a full closure of the bridge will be necessary. In addition to the bridge closure, the on-ramp from Good Hope Road to southbound I-43 will be closed for part of this project, as it will also be reconstructed. Posted detour information will be in place for the closure. The attached map depicts the areas of planned reconstruction.

WisDOT is hosting a public involvement meeting (PIM) to provide information about the construction schedule, alternate routes and closures and planned construction activities.

The PIM is planned for **Wednesday, October 18, 2017** from **5 to 7 p.m. in the cafeteria at Nicolet High School, 6701 N Jean Nicolet Road, Glendale**. A brief presentation reviewing the project plans will begin at 6 p.m. Project staff will be on hand to answer questions and provide project information before and after the presentation.

We look forward to your participation at this meeting and to working with you as we proceed with the project. Should you have any questions about the meeting or the project in general, please feel free to contact me at (262) 548-6718 or via email at steve.hoff@dot.wi.gov.

Sincerely,

Steve Hoff, P.E.
Green Tree Road Bridge Reconstruction Project Manager
