# NICOLET HIGH SCHOOL FOUNDATION

...enriching the education of Nicolet students by fostering excellence in teaching, learning and service. Through advocacy and community partnerships, the Foundation seeks to build awareness of the school's rich heritage and secure its future as a critical community asset.

~ Nicolet High School Foundation Mission Statement

*"Fundraising has gone way beyond the bake sale. You can't bake enough cookies to meet the needs of America's public schools."*

~Howie Schaeffer, Public Education Network

## THE ACADEMIC "BOOSTERS"

Through its grant program, the Foundation has funded *hundreds of thousands of dollars* in new technology, and innovative programs—impacting *every* department and *every* student's educational experience in some way. A complete list is on the Foundation page on the Nicolet website <http://www.nicolet.us/families/foundation.cfm>

It is the support of our community of parents, alumni and business partners that makes this possible. You can help by:

- adding a donation on the registration fee statement.  
**NOTE: Donors of \$50 and up will be acknowledged on the Foundation's webpage and Bulletin Board.**
- attending our signature event—Knight on the Town
- answer our Annual Campaign appeal mailed home in November

The Foundation welcomes those interested in learning more about the Foundation to attend one of its meetings, held the first Wednesday of the month at 7:30 AM. For questions or more information about the Foundation, please call Chris Macon 414.351.7561 or Steven Arenzon at 414-672-5288 .
