

To Nicolet High School Families:

Our school has taken a big step in integrating technology into our classrooms. Atomic Learning is a key partner in our dedication to providing the highest quality technology training resources available.

**What will I find there?**

Atomic Learning includes nearly 50,000 step-by-step tutorials on common software, and workshops and tech integration projects on emerging technology topics, such as blogging and Internet Safety.

In addition to being a resource for our staff and students, our subscription to Atomic Learning is also available to all families of Nicolet students. Adults and other family members may find the video tutorials handy for personal or professional growth.

**How do I find it?**

Go to [www.AtomicLearning.com](http://www.AtomicLearning.com)

**How do I log in?**

Log in with the following username and password:

User Name: nicolet

Password: Please see or email [Debbie Krause](#) in our Library or email [John Reiels](#) for the password as we are not able to publish this on our website.

We invite you to use it as a resource for your household, and ask you to encourage your child(ren) to use it.

Sincerely,

John Reiels  
Director of Technology  
Nicolet High School
